

List of tables

Table 2.1 Differential treatment in the urban labour market	33
Table 3.1 RCA and the corresponding level of trade comparative advantage	49
Table 3.2 Self-sufficiency ratio of China's major agricultural products in 2025, 2035 and 2050	68
Appendix Table 3.1 Trade and production data of agricultural commodities	73
Table 4.1 Characteristics of and problems with the three stages of urbanisation	93
Table 5.1 Descriptive statistics of variables	115
Table 5.2 Fiscal pressure and variance of the effective VAT rate	119
Table 5.3 Fiscal pressure and aggregate LOG(TFP) (OP covariance)	121
Table 5.4 The impact of fiscal pressure on the actual VAT rate and factors of production	127
Table 6.1 Unit root tests	145
Table 6.2 Regression results	145
Table 6.3 Regression results with capital and labour	146
Table 6.4 Summary statistics	149
Table 6.5 Industry estimation results	149
Table 6.6 Industry estimation results: Process innovation	150
Table 6.7 Industry estimation results: Marketing and organisational innovation	151
Table 8.1 Benchmark model regression	183
Table 8.2 Parallel trend test	185
Table 8.3 Regression with mixed-pattern firms	186
Table 8.4 Robustness test for region and industry characteristics	187
Table 8.5 Robustness test for pretreatment trend and other coexistent policies	188

Table 8.6 Heterogeneity test with location	190
Table 8.7 Heterogeneity test regarding firm status	191
Table 8.8 Heterogeneity test by region and trade mode	193
Table 8.9 Heterogeneity by firm status	194
Table 9.1 Currency names and their corresponding symbols	205
Table 9.2 UIP regressions for the offshore renminbi against major currencies	208
Table 9.3 UIP regressions for the offshore renminbi against the currencies of countries along the BRI	208
Table 9.4 Augmented UIP regressions for the offshore renminbi against major currencies	213
Table 9.5 Augmented UIP regressions for the offshore renminbi against the currencies of countries along the BRI	214
