

# Index

- administrative processes, 44, 82
- agricultural commodities, classification in international trade, 306-7, 347-8, 371
- agricultural inputs, 5, 45, 67, 105-6, 208, 380
  - compared with other major producing countries, 128
  - see also* cereal feeds; fertilisers; seeds
- agricultural output, 28, 42, 50, 86, 105-6, 139, 145
  - grain proportion, 105, 197
  - impact of WTO accession, 195
  - structural change effects, 29, 31, 139, 249
  - full WTO tariff cuts, percentage change in, 160
  - WTO tariff cuts with higher elasticities, effect on, 171-2
  - WTO tariff cuts with protection to agriculture, effect on, 165-6
  - WTO tariff cuts with transfer payments, effect on, 177-8
- agricultural policies, 2-3
  - following WTO accession, 9, 43-4, 50-1, 80, 82-3, 88-9, 114-15, 197-9
  - prior to WTO accession, 28-32, 32-37
  - summary, transition-era, 37-8
- agricultural sector
  - agricultural gross domestic product (AGDP), 32
  - imports and exports structure, 65
  - labour intensity, 106, 108, 262
  - performance prior to WTO accession, 28-32
  - share of GDP, 11, 29, 86, 104, 328
  - share of China's total trade, 317
  - value to economy, 87, 104
  - see also* trade, agricultural; impacts, WTO accession; trade reforms
- allocative efficiency, 6, 10, 13, 211, 230, 277, 281
- 'Amber Box', 49-50, 60
- animal products, 19, 29, 64, 94, 122, 305, 306, 309, 310, 312, 315-16, 320, 324, 326, 329, 335, 339, 343, 348, 352, 353, 357, 358, 359, 360, 361, 367, 371, 378, 405
  - see also* livestock; meat
- anti-dumping, 42-3, 351, 380
- anti-monopoly regulations, 94
- apparels, 139, 141, 155, 329, 385, 386, 387, 388, 391, 392, 395, 396, 397, 403, 406, 407
- aquatic products, 29, 61, 62, 67, 310, 315, 324, 329, 330, 331n, 335, 336, 339, 343, 344
- ASEAN, 346-71, 372-407
  - agricultural exports to China, 19, 20, 348-56
  - agricultural sector structural adjustment, 19, 20, 366, 368
  - bilateral agricultural trade, 19, 348-9, 350, 351
  - changes in trade complementarity with China, 364-7
  - China agricultural trade patterns, 354-5
  - complementarity in agricultural trade with China, 19-20, 363-7
  - import and export structure with China, 349-54
  - members, 369n
  - revealed comparative advantage (RCA), comparison with China, 19, 355-63

- RCA by commodity, 361  
 RCA of labour-intensive and land-intensive agricultural commodities, 362  
 trade patterns with China, 354-6
- ASEAN-China Free Trade Agreement (ACFTA), 18-19, 346, 372-407  
 ASEAN members included in, 399n  
 changes in ASEAN+5 in supply prices and output following implementation, 396  
 changes in new ASEAN members in supply prices and output following implementation, 397  
 changes in bilateral trade following implementation, 393  
 changes in China supply prices and output following implementation, 395  
 simulated economic impacts of full implementation, 20-1, 389-99  
 simulated impacts on exports, 391  
 simulated impacts on imports, 392  
 simulated macro effects up to 2010, 390
