Preface	xix
1 Achieving food security in China: implications of WTO accession Chunlai Chen and Ron Duncan	1
2 Agricultural development and policy before and after China's WTO accession Jikun Huang and Scott Rozelle	27
3 China's WTO accession: the impact on its agricultural sector and grain policy Feng Lu	55
4 Rural-urban income disparity and WTO impact on China's agricultural sector: policy considerations Xiaolu Wang and Ron Duncan	85
5 The impact of WTO accession on China's agricultural sector Xiaolu Wang	104
6 The impact of China's WTO accession on its regional economies Tingsong Jiang	135
7 WTO accession and food security in China Tingsong Jiang	183
8 Revisiting the economic costs of food self-sufficiency in China Ron Duncan, Lucy Rees and Rod Tyers	203
9 Trade reform in the short run: China's WTO Accession Rod Tyers and Lucy Rees	229
10 Trade reform, macroeconomic policy and sectoral labour movement in China Jennifer Chang and Rod Tyers	268

11	China's agricultural trade following its WTO accession Chunlai Chen	305
12	Agricultural trade between China and ASEAN: dynamics and prospects Jun Yang and Chunlai Chen	346
13	The economic impact of the ASEAN-China Free Trade Area: a computational analysis with special emphasis on agriculture Jun Yang and Chunlai Chen	372
	Index	408

TABLES

1.1	Food self-sufficiency in China, 2001-10	7
1.2	Changes in tariffs required for food self-sufficiency by 2010	7
2.1	Annual growth rates of China's economy, 1970-2004	30
2.2	Changes in the structure of China's economy, 1970-2005	31
2.3	Import tariff rates on major agricultural products subject to tariff-only protection in China	40
2.4	China's market access commitments on farm products subject to tariff rate quotas	42
3.1	China's agreed tariff reductions for selected agricultural products	58
3.2	China's TRQ system for selected agricultural products	60
3.3	Production growth for selected agricultural products in China	62
3.4	Production concentration index for selected agricultural products for provinces and regions in China, 1997-99	74
4.1	The importance of the agricultural and rural sectors in China, 1952 and 2001	87
4.2	Rural-urban income disparity, 1980 and 2000	88
4.3	Modeling results: urbanisation and economic growth	100
5.1	Rural labour, TVE employment and rural-urban migration, 1980-2010	108
5.2	Real price changes: state and market, 1985-2000	110

5.3	Comparison of real grain prices in rural markets between 2000 and 1994	111
5.4	Comparing rural market prices with CIF prices	113
5.5	Tariff quotas for grains, 2002-2004	115
5.6	Estimation of the volume of non-traded grain (unprocessed), 2000	115
5.7	The estimated size of the domestic grain market in 2000	116
5.8	The direct impact of grain imports	121
A5.1	World cereal yields and production	127
A5.2	Agricultural inputs in China and other major producing countries	128
A5.3	China's grain trade, 1953-2000	129
A5.4	Comparison of the quota, above-quota, rural market, domestic wholesale, imported and exported prices of rice	131
A5.5	Comparison of the quota, above-quota, rural market, domestic wholesale, imported and exported prices of wheat	132
A5.6	Comparison of the quota, above-quota, rural market, domestic wholesale, imported and exported prices of corn	133
A5.7	Comparison of the quota, above-quota, rural market, domestic wholesale, imported and exported prices of soybeans	134
6.1	Macroeconomic effects of tariff cuts	138
6.2	Impact of tariff cuts on regional output, exports and imports	140
6.3	Macroeconomic effects of WTO tariff cuts with agricultural protection	146
6.4	Impact on output, exports and imports of WTO tariff cuts with agricultural protection	147
6.5	Elasticities of substitution between local and other products	148
6.6	Macroeconomic effects of WTO tariff cuts: higher elasticities	150
6.7	Impact on output, exports and imports of WTO tariff cuts: higher elasticities	151
6.8	Macroeconomic effects of WTO tariff cuts: with transfer payments	152
6.9	Impact on output, exports and imports of WTO tariff cuts: with transfer payment	153

A6.1	Sector classification in the CERD model	158
A6.2	Baseline and WTO commitment tariff rates	159
A6.3	Percentage change in output – full WTO tariff cuts	160
A6.4	Percentage change in exports–full WTO tariff cuts	161
A6.5	Percentage change in imports – full WTO tariff cuts	163
A6.6	Percentage change in output – WTO tariff cuts with protection to agriculture	165
A6.7	Percentage change in export – WTO tariff cuts with protection to agriculture	167
A6.8	Percentage change in import – WTO tariff cuts with protection to agriculture	169
A6.9	Percentage change in output – WTO tariff cuts with higher elasticities	171
A6.10	Percentage change in export – WTO tariff cuts with higher elasticities	173
A6.11	Percentage change in import – WTO tariff cuts with higher elasticities	175
A6.12	Percentage change in output – WTO tariff cuts with transfer payments	177
A6.13	Percentage change in export – WTO tariff cuts with transfer payments	179
A6.14	Percentage change in import – WTO tariff cuts with transfer payments	181
7.1	Grain production, food consumption and household income in China, 1978 and 2000	187
7.2	Food balance and self-sufficiency in China, 2001	188
7.3	Agricultural commodity price reform in China, 1978-99	188
7.4	Tariff rate quotas and imports of major agricultural products	192
7.5	Nominal rates of protection (tariff or tariff equivalent) for agricultural products in China, 1995-01	192
7.6	Macroeconomic impact of WTO accession	193
7.7	Impact of WTO accession on agricultural production	195
7.8	Impact of WTO accession on agricultural exports	195
7.9	Impact of WTO accession on agricultural imports	196
7.10	Impact of WTO accession on food self-sufficiency	196

7.11	Changes in household income and welfare after WTO accession	197
7.12	Cost of restoring grain self-sufficiency to the pre-accession level	198
A8.1	Model structure	219
A8.2	Income elasticities of final demand implied by the model's demand parameters	220
A8.3	Elasticities of substitution in product and service demand	221
A8.4	Reference rates of population, labour supply, capital accumulation, productivity and GDP growth, 2001-2010	222
A8.5	Trade to value added ratios by industry in 2001	223
A8.6	Implied Chinese self-sufficiency rates, past and projected	224
A8.7	Effects of protection to raise agricultural self-sufficiency in 2010	225
A8.8	Effects of protection to raise agricultural self-sufficiency in 2010 on imports and exports	226
A8.9	Effects on the employment of production workers of additional protection to raise agricultural self-sufficiency in 2010	227
A8.10	Effects on factor income distribution of protection to raise agricultural self-sufficiency in 2010	227
A8.11	Elasticities of sensitivity to the income elasticity of demand for livestock products	228
A9.1	Model structure	258
A9.2	Manufactured inputs as shares of the total cost of production	259
A9.3	Chinese equivalent import tariff and export tax rates	259
A9.4	Simulated long-run effects of a unilateral liberalisation of China's 2001 trade policy regime	260
A9.5	Factor intensities by industry	262
A9.6	Trade to value added ratios by industry	262
A9.7	Short-run closure	263
A9.8	Simulated short-run effects of a unilateral liberalisation of China's 2001 trade policy regime: by monetary policy	264
A9.9	Simulated short-run effects of a unilateral liberalisation of China's 2001 trade policy regime: by fiscal policy	265
A10.1	Official price level changes since the Asian crisis	291
A10.2	Ancillary effects of WTO trade reforms	292

A10.3	Simulated long-run effects of a unilateral liberalisation of China's 2001 trade policy regime	293
A10.4	Short-run closure	294
10A.5	Simulated short-run effects of a unilateral liberalisation of China's 2001 trade policy regime: by macroeconomic policy regime	295
A10.6	Comparing simulated trade reform-driven labour relocation demand with historical experience	297
A10.7	Chinese labour relocation: the official record since 1978	299
11.1	Comparison of agricultural product coverage	302
A11.1	China's agricultural exports by commodity group, 1992-2005	334
A11.2	China's agricultural imports by commodity group, 1992-2005	338
A11.3	China's revealed comparative advantage indices (NER), 1992-2005	342
12.1	Shares in total agricultural exports from China to ASEAN, by commodity	353
12.2	Shares in total agricultural imports from ASEAN to China, by commodity	353
12.3	China's RCA, by commodity, 1992-2005	361
12.4	ASEAN RCA, by commodity, 1992-2005	361
A12.1	Classification of agricultural commodities, SITC Revision 3	371
13.1	China's market access commitments on farm products subject to TRQs	376
13.2	Product coverage in the Early Harvest Program	378
13.3	The macro impacts of the EHP	385
13.4	The impact of the EHP on imports and exports	386
13.5	Changes in bilateral trade flows	387
13.6	Changes in supply price and output by the EHP	388
13.7	The macro effects of the implementation of the ACFTA, up to 2010	390
13.8	Impacts on exports after implementation of the ACFTA, up to 2010	391
13.9	Impacts on imports of the implementation of the ACFTA, up to 2010	392
13.10	Changes in bilateral trade after the implementation of the ACFTA, up to 2010	393

13.11	Changes in China in supply prices and output from the implementation of the ACFTA, up to 2010	395
13.12	Changes in ASEAN+5 in supply prices and output after the implementation of the ACFTA, up to 2010	396
13.13	Changes in the new ASEAN members in supply prices and output after the implementation of the ACFTA, up to 2010	397
A13.1	Tariff rates in China for its WTO accession	403
A13.2	Regional aggregations	404
A13.3	Sector aggregation	405
A13.4	Adjusted own-price and income elasticities for China	406
A13.5	Summary of tariff equivalents for China, 2001-20	407

FIGURES

2.1	Agricultural trade balance by factor intensity	31
3.1	China's agriculture trade, 1981-99	63
3.2	Structure of China's agricultural exports, 1981-99	65
3.3	Structure of China's agricultural imports, 1981-99	65
3.4	Graphic presentation of the concentration ratios for land-intensive and labor-intensive agricultural products for provinces and regions, 1997-99	76
3.5	Regional pattern of the agricultural impact: scenario one	77
3.6	Regional pattern of the agricultural impact: scenario two	79
4.1	The structure of rural household income, 2000	87
4.2	Relationship between rural industrialisation and rural income, 2000	96
4.3	Relationship between urbanisation and rural income, 2000	97
6.1	Per capita GDP by region	143
A9.1	The domestic capital market without capital controls	255
A9.2	The domestic capital market with capital controls	255
A9.3	Trade reform with capital controls	256
A9.4	Trade reform with no capital controls	257
A10.1	Per capita annual income of urban and rural households	300
A10.2	Gap between urban and rural incomes	300
A10.3	Employment by industry group	301

A10.4	Official growth rate of real GDP	301
A10.5	Official growth rate of average real manufacturing wage	302
A10.6	Trade reform with capital controls	303
A10.7	Trade reform with no capital controls	304
11.1	China's agricultural trade, 1992-2005	308
11.2	China's agricultural exports by category, 1992-2005	309
11.3	China's agricultural imports by category, 1992-2005	313
11.4	Share of China's agricultural trade in total trade, 1992-2005	317
11.5	Shares of China's agricultural exports by commodity groupings, 1992-2001 and 2002-2005	319
11.6	Share of China's agricultural imports by commodity grouping, 1992-2001 and 2002-2005	320
11.7	Shares of China's agricultural exports by factor intensity of production, 1992-2001 and 2002-2005	321
11.8	Share of China's agricultural imports by factor intensity of production, 1992-2001 and 2002-2005	322
11.9	China's revealed comparative advantage indices (NER) of all agricultural products, 1992-2005	325
11.10	China's revealed comparative advantage indices (NER) of agricultural products by commodity group, 1992-2005	326
11.11	China's revealed comparative advantage indices (NER) of agricultural products by factor intensity of production, 1992-2005	327
12.1	China's imports, exports and net exports with ASEAN	349
12.2	Shares of bilateral agricultural trade in total agricultural trade	350
12.3	China-ASEAN agricultural trade structure in 2005	352
12.4	China's exports, imports and net exports with ASEAN in labour-intensive commodities, 1992-2005	356
12.5	China's exports, imports and net exports with ASEAN in land-intensive commodities, 1992-2005	356
12.6	Comparisons of revealed comparative advantage in agricultural products in China and ASEAN, 2005	358

12.7	RCA of labour-intensive and land-intensive agricultural commodities in China and ASEAN	362
12.8	TClS for China and ASEAN in food and live animals (SITCO), 1992-2005	365
12.9	TClS for China and ASEAN in all agricultural products, 1992-2005	366
13.1	Percentage of tariff lines at 0-5 per cent in the tentative 2004 CEPT package	378
