Preface ix
1 The Nature of Research and Innovation 1
  1.1 Introduction 1
  1.2 What is research? 2
  1.3 Styles of research and innovation 3
    1.3.1 Categories of research 3
    1.3.2 Types of research activities 6
  1.4 Limitations on research activities 9
    1.4.1 Response to external influences 10
    1.4.2 Innovation within boundaries 11
  1.5 Developing a research topic 12
    1.5.1 Framing research questions 12
    1.5.2 Building a topic description 13
    1.5.3 Research resources 16
2 The Life Cycle of a Project 19
  2.1 Developing a new project 20
  2.2 Building a research proposal 24
    2.2.1 Formal and informal research proposals 24
    2.2.2 General considerations 25
    2.2.3 Understand your funding sources and rules 26
    2.2.4 Proposals as ‘sales pitch’ 27
    2.2.5 Budget preparation 28
  2.3 Submitting a proposal 29
    2.3.1 Proposal presentation 29
    2.3.2 Examples of proposal guidelines 31
    2.3.3 Before submission 32
  2.4 Proposal review 32
  2.5 The project proceeds 36
  2.6 Project completion 36
3 How to Plan and Manage a Project 38
  3.1 Project planning 39
6.1.1 Specification 81
6.1.2 Planning 83
6.1.3 WRA project in practice 86
6.1.4 Lessons from project 87
6.2 Analysis of a research project 87
6.3 General considerations 92
