

LIST OF ACRONYMS

AAS	Australian Academy of Science
ABLV	Australian bat lyssavirus
ABARE	Australian Bureau of Agricultural and Resource Economics
ABLV	Australian bat lyssavirus
ACT	Australian Capital Territory
AFCO	Australian Federation of Consumer Organisations
AIHW	Australian Institute of Health and Welfare
AMR	antimicrobial resistant (resistance)
ANU	Australian National University
API	American Petroleum Institute
ARC	Australian Research Council
ASEAN	Association of Southeast Asian Nations
ASH	Action on Smoking and Health
AusUVI	Australian Ultraviolet Radiation and Immunity
BMI	body mass index
Bt	billion tonnes
CAF	content analysis framework
CAFO	concentrated animal feeding operations
CBD	Convention on Biological Diversity
CDD	Canadian Disaster Database
CE	Common Era
CFE	carbon fertilisation effect
CJD	Creutzfeldt–Jakob disease
CNS	central nervous system
COP	conference of the parties
CRC	Centre for Research Excellence
CSIRO	Commonwealth Scientific and Industrial Research Organisation
CVD	cardiovascular disease
DCCEE	Department of Climate Change and Energy Efficiency
DDT	dichlorodiphenyl-trichloroethane
DNA	deoxyribonucleic acid
DRC	Democratic Republic of Congo

EBV	Epstein–Barr virus
ECOHST	European Centre on Health of Societies in Transition
EID	emerging infectious disease
EMS	Environmental Mutagen Society
ENSO	El Niño Southern Oscillation
FAO	Food and Agricultural Organization
GDP	gross domestic product
GFC	global financial crisis
GHG	greenhouse gas(es)
GM	genetically modified
Hectare	ha
HFCS	high-fructose corn syrup
HIA	health impact assessment
HiAP	health in all policies
HIV	human immunodeficiency virus
HIV/AIDS	human immunodeficiency virus/acquired immunodeficiency syndrome
IARC	International Agency for Research on Cancer
ICCIDDs	International Council for the Control of Iodine Deficiency Disorders
ICIS	International Centre for Integrated Assessment and Sustainable Development
ICONICS	International Committee on New Integrated Climate Change Assessment Scenarios
ICSU	International Council for Science
IDD	iodine deficiency disorders
IEA	International Epidemiology Association
IGT	impaired glucose tolerance
IHD	ischaemic heart disease
ILO	International Labour Organization
I = PAT	impact (I) = a function of population (P), affluence (A) and technology (T)
IPCC	Intergovernmental Panel on Climate Change
IRM	Indigenous research methods
ISEE	International Society for Environmental Epidemiology
ISSC	International Social Science Council

IUCN	International Union for the Conservation of Nature
JCU	James Cook University
JDC	job demands–control
JNAP	Joint National Action Plan
KSHV	Kaposi sarcoma-associated virus
KLH	keyhole limpet haemocyanin
LDCs	less-developed countries; least-developed countries
LEB	life expectancy at birth
LPI	Living Planet Index
LSH&TM	London School of Hygiene and Tropical Medicine
MD	doctor of medicine
MPH	master of public health
MDG(s)	Millennium Development Goal(s)
MEA	Millennium Ecosystem Assessment
miRNA	micro-RNA
MJ	megajoule
MS	multiple sclerosis
MUST	Maastricht University Graduate School of Sustainability Science
NCCARF	National Climate Change Adaptation Research Facility
NCCHAP	National Climate Change and Health Action Plans
NCDs	non-communicable diseases
NCEPH	National Centre for Epidemiology and Population Health
NCI	National Cancer Institute
NDCs	now-developed countries
NDP	National Development Plan
NGO	non-governmental organisation
NIH	National Institutes of Health
NH&MRC	National Health and Medical Research Council
NUAUS	National Union of Australian University Students
OECD	Organisation for Economic Co-operation and Development
OPEC	Organization of Petroleum Exporting Countries
OR	odds ratio
OSHA	Occupational Safety and Health Administration
PATH	personality and total health
PIC	Pacific island country
PPCS	The Port Pirie cohort study

PPM	parts per million
PRSPs	poverty reduction strategy papers
PVC	polyvinylchloride
RACGP	Royal Australian College of General Practitioners
RMIT	Royal Melbourne Institute of Technology
RNA	ribonucleic acid
RRV	Ross River virus
SARS	severe acute respiratory syndrome
SDGs	Sustainable Development Goals
SECA	South-East Coast Adaptation
SEIFA	Socio-economic Indexes for Areas
SGS	Sydney Gallery School
SIG	special interest group
SHWB	science for health and well-being
SIV	simian immunodeficiency virus
SLAPP	strategic lawsuit against public participation
SOFI	state of food insecurity (in the world)
spp.	species
SRES	Special Report on Emission Scenarios
STOU	Sukhothai Thammathirat Open University
TAFE	technical and further education
T2D	type 2 diabetes
TB	tuberculosis
TBE	tick-borne encephalitis
TEEB	The Economics of Ecosystems and Biodiversity
TIA	Tobacco Industry of Australia
TDR	Special Programme for Tropical Diseases Research (also known as the Special Programme for Research and Training in Tropical Diseases)
UB	urban bias
UC	University of Canberra
UN	United Nations
UNCSD	United Nations Commission on Sustainable Development
UNEP	United Nations Environment Programme
UNESCO	United Nations Educational, Social and Cultural Organization
UNICEF	United Nations Children's Rights and Emergency Relief Fund

UNFCCC	United Nations Framework Convention on Climate Change
UNSW	University of New South Wales
UNU	United Nations University
UNU-IIGH	UNU International Institute for Global Health
UQ	University of Queensland
UV	ultraviolet
UWA	University of Western Australia
WBGTT	wet bulb globe temperature
WHO	World Health Organization
WMO	World Meteorological Organization
WTO	World Trade Organization

This text is taken from *Health of People, Places And Planet: Reflections based on Tony McMichael's four decades of contribution to epidemiological understanding*, edited by Colin D. Butler, Jane Dixon and Anthony G. Capon, published 2015 by ANU Press, The Australian National University, Canberra, Australia.
