Acknowledgments

This book is a product of the Australian Research Alliance for Children and Youth (ARACY) Research Network, which is jointly funded by the Australian Research Council (ARC) and the National Health and Medical Research Council (NHMRC). It was developed in partnership between the ARACY Research Network and two constituent organisations: The Benevolent Society and The Australian National University’s National Centre for Epidemiology and Population Health. The conference organising and early chapter editing were shared between Gabriele Bammer, Annette Michaux and Ann Sanson. Most of the final editing and liaison concerning the book production was undertaken by Gabriele Bammer.

Valuable assistance in producing the book was provided by Sharyn Bant and, before her, Kelly Rae, Emma Lockwood and Carl Moller. Jan Borrie and Sharyn Bant copyedited the chapters, with Scott Stone, Jennifer Hoey and Jono Willis assisting with the figures. Duncan Beard shepherded the book through the production process and Nausica Garcia Pinar designed the cover.
