

# ABBREVIATIONS AND NAVIGATION

## Using the catalogue / navigation

The essays and catalogue make extensive use of family letters (see Bibliography). Letters are cited by date then initials of author and recipient, as in c. Jan 1974 RG to TG. If the letter was published in Mary Eagle (ed.) *From the studio of Rosalie Gascoigne* ANU Drill Hall Gallery, Canberra, 2000 (exh. cat.), the reference is accompanied by a page number, as in 25 Jan 1974 RG to MG, p. 43.

Abbreviated citations are also used for Rosalie's talks and interviews, in the form of the date and either last name of interviewer or location of the talk (as in 1982 North and 1985 School of Art). If the extract is from a published talk a page reference is given. Full titles are listed in the Bibliography.

Citations for other references (such as books, and journal and newspaper articles) use the author–date format, for example, Vici MacDonald 1998. References occurring only once or twice are presented in full in the catalogue and are not repeated in the Bibliography.

## Abbreviations

### General abbreviations

#	catalogue number
abt	about
Acc no.	accession number
ACT	Australian Capital Territory
BG	SCB 'Ben' Gascoigne
c.	circa, as in c. 1980
